JP GROUP COMPANY

A STRONG FAMILY

Based in Viborg, Denmark, JP Group a/s has been a 100 % family-owned company since the foundation in 1975. Today, JP Group is one of the world's leading companies on the aftermarket, producing and selling high-quality spare parts and accessories for European and Asian cars to customers in more than 90 countries. Our product range covers more than 25,000 item numbers, which all follow strict OE quality standards. Moreover, we are one of the preferred suppliers of exclusive spare parts and accessories for classic cars from VAG and Porsche.

EXTENSIVE PRODUCT RANGE

Our product range covers high-quality components for a very wide spectrum of vehicles as e.g. brakes, filters, steering and suspension parts, rubber metal parts, electrical parts, starters, turbo chargers, water pumps and many others. Furthermore, we produce high-quality exhaust systems and body parts in a Viborg-based factory of our associate company Johs. Pedersen a/s. Apart from own production, we import spare parts from major manufacturers in more than 45 different countries.

FOCUS ON QUALITY

To meet the expectations of our customers and to ensure a high quality of all our products, we have established quality departments in Denmark and China. We also conduct sample tests and provide long-term installation in cars. Our processing and handling of customer data is GDPR (General Data Protection Regulation (EU regulation)) compliant. Last but not least our quality system is certified with ISO 9001.

CONSTANT DEVELOPMENT

With a total of more than 42.000 m² for production and warehouse facilities, we can guarantee a high delivery rate within all product categories. As a major step towards our future development and to be as close to our customers as possible, we have expanded our international sales team. Today, we have 17 highly-trained sales managers around the world. We also support our customers with a variety of different sales and marketing materials. We offer brochures for all product categories as print and online version – including the possibility to generate personal catalogues. The complete assortment is also available on our own webshops.

SERVICE

Quick and professional export delivery worldwide.

Our packaging expertise combined with our experienced and skilled personnel, guarantee quick and reliable service. You will not only receive your order quickly, but each product will arrive safely at your address, in a high quality JP packing.

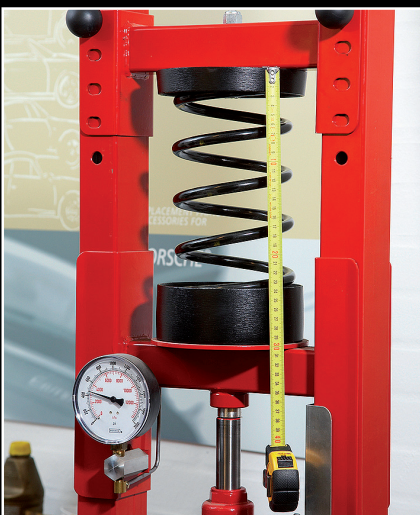

HIGHEST QUALITY SPARE PARTS - AT A FRACTION OF THE COST!

Our highly skilled technical quality departments ensure a constant focus on a first class quality level. Global sourcing from OEM manufacturers supplying worldwide to the passenger car industry!

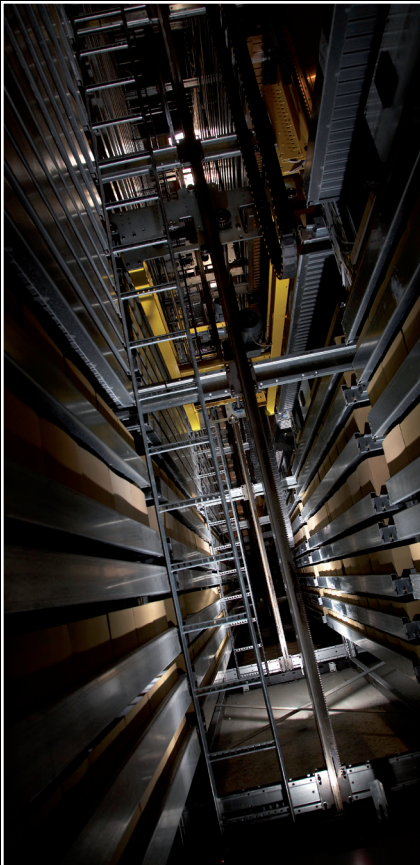

Extensive engineering and R&D department developing and testing exhausts, flexible pipes, manifolds and catalytic converters.

We produce our own products in several countries for both the OES and aftermarket spare parts for passenger cars and light commercial vehicles.

WAREHOUSE/LOGISTICS

21,000 m² modern warehouse with the new technology in picking/handling spare parts for passenger cars. More than 1 million picks are executed here per year.

PRODUCTION FACILITIES

Our production in Denmark is 15,000 m² equipped with the most modern hightech 5D laser cutting robots as well as fully automatic welding robots. We produce in aluminized, stainless and titanium materials. Most of our exhaust boxes and metal stamping parts are produced with semi-automatic hydraulic presses to insure the original design.

400 ton deep draw hydraulic pressing machine.

Robot welding.

Porsche® 911 oiltanks

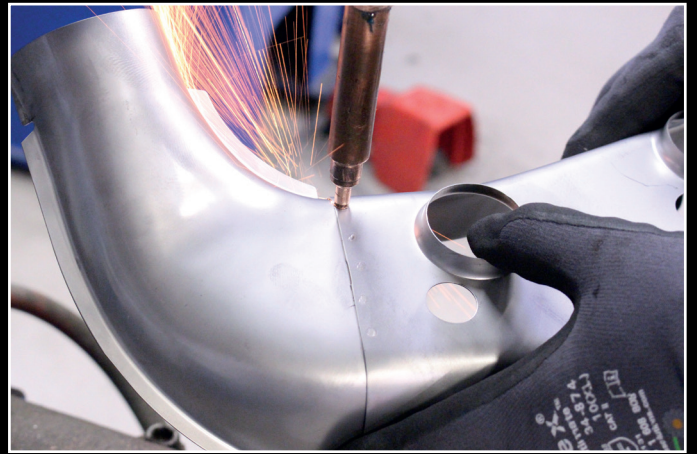

Exhaust box and heat exchanger pressings.

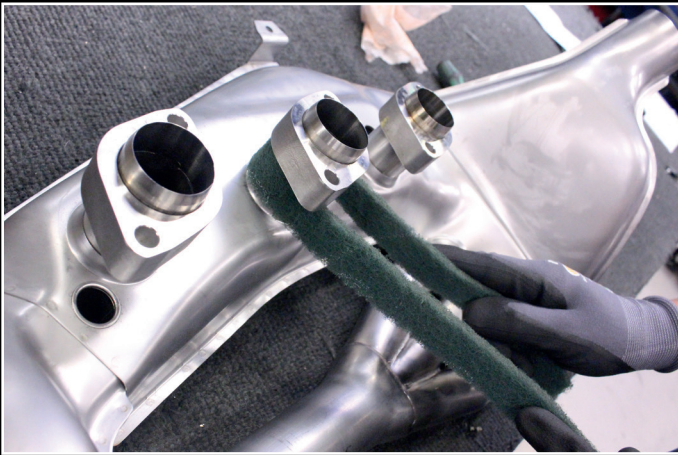

TIG welding process performed by highly skilled welders with OEM certificates.

Precise spot welding procedure ensures perfect fit and finish.

Still done carefully and by hand; matt polishing process of tubing.

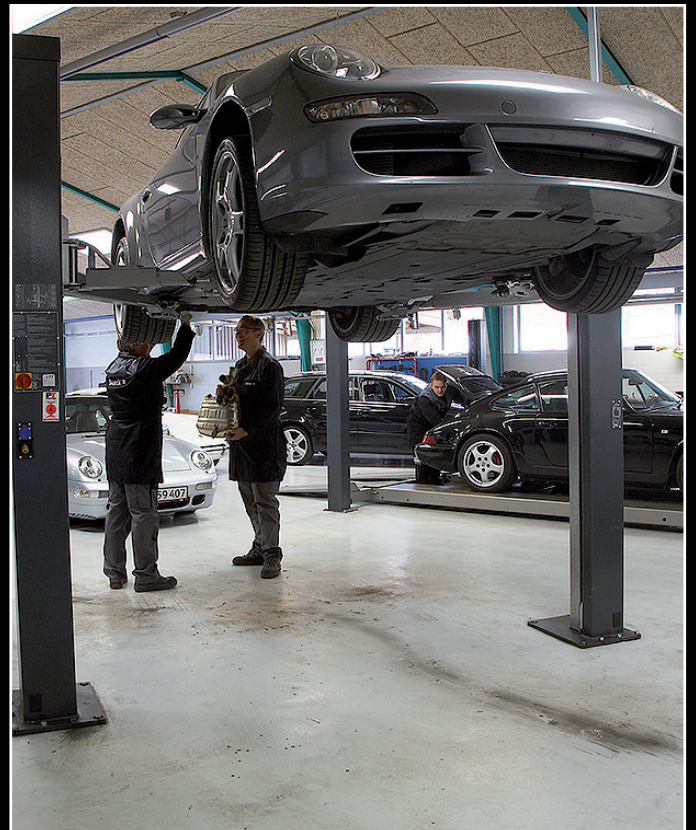

SSI - stainless steel construction ensures that the components are built to last.

TEST FACILITIES

We have our own in-house development and testing center for both durability and performance testing.

Classic Line OEM quality rubber seals for windows, doors etc.

SHOWROOM

Photos from our 1.200 m² state of the art showroom in our headquarter in Viborg, Denmark.
We exhibit more than 75 different classic Volkswagen and Porsche® cars.
We use them for development and testing purposes in our development and testing center.

EXPLANATION TO THE CATALOGUE

This catalogue contains our original  program of:

Original style exhausts 

Performance sports exhausts 

Body parts (metal stamping) 

State of the art heat exchangers and exhausts 

 High performance and original quality exhaust systems with EEC/TÜV approvals and at aftermarket prices!

 Our high quality range of sports sports exhausts produced at your choice of painted deep draw steel or polished stainless steel. Sports exhausts mean great sound and high performance, and a great look when adding one of our tail pipes. "SOUND" systems are produced as "valve exhausts", enabling you to drive with both original alike sound, and by using a switch, with a greater sporty sound. All produced in polished stainless steel 304 and with Pierburg quality vacuum valves.

 Our widest range of body parts in original quality for the 911 models. We have invested and still do, like nobody else in this industry, produce both "weld-on" repair panels as well as "direct OE fit" body parts such as fenders, hoods, quarter panels and gas tanks. Lately, we have started up building a wide range of body parts and gas tanks for the 356 models.

State of the art heat exchanger and exhaust design and finish all made entirely of stainless steel AISI 304/321, meaning long life even in the severest conditions (road salt). Output is increased particularly in the low and the middle RPM ranges.

German/Danish engineering.

We are original equipment supplier to Porsche®. Dansk is an OE brand name and we produce: Original standard. All produces according to the highest standards! For Porsche® 356, 912, 914, 924, 944, 911 (964, 993, 996, 997), Cayenne, Boxster, Cayman and Panamera models.

Equipment, accessories and standard replacement parts.

We have a wide program of various replacement parts for Porsche®. These parts can be found in our complete Porsche® catalogue. Please do not hesitate to ask for it!

All our catalogues can be downloaded on our website: www.jpgroupclassic.com

DAN no.

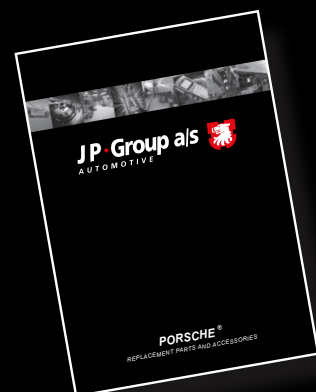

If a part does not have an OE number originally, we will give it an OE no. (DAN no.) so that it refers to the most similar part.

NEW: New in the program

U/D: Under development
